Submersive Productions is Co-Artistic Directors Ursula Marcum and Glenn Ricci, with Creative Partners Josh Aterovis, Tina Canady, Marissa Dahl, Kim Le, Michele Minnick, Mika Nakano, Trustina Sabah, Lisi Stoessel and Susan Stroupe.

We are a collaborative artworks company that creates original, site-specific immersive works where artists and audiences engage together at the intersection of histories, mythologies and the immediate experience. Based in Baltimore, we devise works that make the audience essential to the journey of the narrative.

We are also a collective of over fifty artists and performers who gather to make worlds that engage the senses and unfold stories, both familiar and forgotten.
